

ALLEN SCHULTZ

Linux Systems Administrator | DevOps Engineer

Medford, OR | 801-550-0865 | allen.schultz@gmail.com | linkedin.com/in/allen-schultz-89810014 | github.com/PhoenyxCullen

SUMMARY

Linux Systems Administrator with 8+ years experience in enterprise Linux administration, network infrastructure, security, and automation. Expert in Debian-based systems, virtualization (Qubes OS, VirtualBox, KVM), VoIP (FreeSWITCH), and infrastructure automation. Pursuing Linux Foundation LFCS certification. Seeking remote Linux Administrator or DevOps Engineer role.

TECHNICAL SKILLS

Systems: Linux (Debian, Ubuntu, Arch, Qubes OS), Windows Server, Virtualization (Xen, VirtualBox, KVM, Docker)

Storage: Btrfs, LVM, LUKS encryption, RAID, Timeshift snapshots

Networking: Cisco IOS, VLANs, routing/switching, VoIP (FreeSWITCH, SIP)

DevOps: Bash scripting, Python (learning), Git/GitLab, automated deployment, PXE/TFTP

Security: VM isolation, LUKS encryption, CompTIA Security+, secure architecture

LAB EXPERIENCE

Qubes OS Security Platform (System76 Bonobo WS) | 2024-Present

Running Qubes OS 4.3 RC3 on Intel i9-14900HX workstation (64GB RAM, dual GPUs, 10.8TB NVMe). Implemented security-by-isolation with compartmentalized VMs, Whonix integration, LUKS encryption. Evaluating GPU passthrough. *Skills: Xen hypervisor, VM security, pre-release testing*

Storage Architecture Design | In Planning

Designed Btrfs-on-LVM-on-LUKS solution across 5-drive 15TB array with volume groups for system, data, and user storage. Includes subvolume isolation, zstd compression, automated snapshots. *Skills: LVM, Btrfs, encryption*

PROFESSIONAL EXPERIENCE

Harry and David, Medford, OR | Seasonal Data Entry Associate | Sep 2023–Dec 2025

Processed 20+ orders daily with high accuracy during peak periods; verified data integrity in time-sensitive environment.

Superior Service Transport, Salt Lake City, UT | Driver Check-in Clerk/Scheduling | Apr–Jul 2023

Managed logistics coordination; processed manifests; maintained delivery database.

RidgeCrest Herbals, Salt Lake City, UT | Linux System Administrator & VoIP Administrator | May 2012–Feb 2014

Administered Linux environment for 15-person team (Debian, Ubuntu, Linux Mint). Implemented automated backups using bash/Git; reduced system downtime 40% through proactive monitoring. Maintained VirtualBox VMs for development/testing; supported legacy DOS database using VirtualBox and DOSBox. Achieved 99%+ uptime for critical systems. Migrated from Asterisk to FreeSWITCH PBX; created automated SIP provisioning via PXE/TFTP. Deployed 15 SIP phones + voicemail/fax/6 hunt group lines; reduced telephony costs 60%. Established deployment process reducing setup time from 4 hours to 30 minutes.

ITT Systems (DoD Contractor), Afghanistan | Network Administrator | Sep 2009–May 2010

Maintained classified dual-tier network in combat zone supporting 200+ users. Administered Cisco infrastructure (VLANs, ACLs, routing), Microsoft Active Directory, Exchange Server 2003. Provided Tier 2/3 escalation support for SATCOM and systems administrators; implemented DoD encryption updates. Earned CompTIA Security+ certification during deployment.

Teleperformance USA, Salt Lake City, UT

Hardware Support Technician - Dell Tier 2 | Jul 2007–Oct 2008

Achieved Dell Tier 2 Certification; resolved 40+ technical issues daily with 85%+ customer satisfaction; served as Resolution Specialist mentoring junior agents on complex troubleshooting scenarios.

Internet Support Specialist - Clearwire | Apr 2006–Jul 2007

Certified as VoIP Subject Matter Expert; provisioned VoIP services and troubleshot SIP connectivity; provided Tier 2 support for wireless broadband services.

Convergys, Murray, UT | Provisional Technical Engineer - AT&T | Aug 2000–Nov 2001

Managed end-to-end T1/FT1 circuit installations; configured Cisco and Paradyne routers/CSU/DSUs; coordinated with multiple vendors for complex installations; troubleshot layer 1-3 connectivity issues.

EDUCATION

Salt Lake Community College | Associate of Science, Computer Science | 2001-2006, 2016-2018

Coursework: Linux System Admin I & II, Certified Ethical Hacker, Database Management, Networking, Software Engineering

Estrella Mountain Community College | Computer Science | 1997-1999

Coursework: Cisco Advanced Routing & Switching, Cisco Networking Fundamentals, C Programming

Boot.dev | Full-Stack Backend Development (In Progress) | Python, Go, DevOps automation

CERTIFICATIONS

Active: Linux Essentials (LPI, 2023) | CompTIA Security+ (2010) | CompTIA A+ (2007)

In Progress: Linux Foundation Certified System Administrator (LFCS) - Target 2025

Historical: Cisco CCNA, Dell Tier 2 Certification, AT&T Provisional Technical Engineer

Open to remote work nationwide | Available immediately | Salary requirement: \$46,500+ annually
